

THE ASTELLAS EUROPEAN FOUNDATION TRANSPLANTATION GRANT APPLICATIONS FOR 2015

The long-term support of basic medical and related scientific programmes in transplantation is a core objective for the Astellas European Foundation.

The Foundation is now ready to consider the support of research proposals and programmes from individuals or teams that contribute to advancements in transplantation.

The grant is available only to those who are prepared to conduct extensive and meaningful research to advance our understanding of medicine and health. The therapy area of focus for this research must fall within the field of transplantation.

Grant

A grant of US \$150,000 is available to cover the full salary of individual/s involved in the research and/or a contribution towards the project running costs and will be awarded to the successful research unit or institution.

Applications

Applications are open to individuals and teams based within research units or institutions. Interested parties should follow the format indicated and must complete the Research Proposal and provide the co-ordinators with the full information required.

Closing Date

Completed applications should be received no later than Friday 31 July 2015 and sent to: AEF@astellas.com

Application Format

Electronic applications in Microsoft Word are required and all entrants must use the supplied Research Proposal format.

PLEASE NOTE THAT IT IS NOT NECESSARY TO PROVIDE LARGE VOLUMES OF INFORMATION. THE JUDGES WOULD VERY MUCH APPRECIATE SHORT, SUCCINCT ENTRIES.

Please include the following information in a covering email with your entry to AEF@astellas.com:

Project Title:

Title/Name:

Institution/Hospital/Organisation:

Address:

Direct Telephone Number:

Mobile/Cell Phone Number:

Direct Fax Number:

Secretary's Direct Telephone Number:

E-mail address (work and personal, if appropriate).

Following the Award

The successful applicant, on receipt of the Astellas European Foundation Grant, would be expected to become involved in the following activities:

- Regular updates to be provided to the Astellas European Foundation which may be further disseminated at the discretion of the trustees
- Presentation of the results in meetings, at the request of the Astellas European Foundation trustees, if appropriate
- Acknowledgement of the funding of the research by the Astellas European Foundation on subsequent papers
- Press releases from the institution concerned
- Signing an agreement with the trustees of the Astellas European Foundation.
